

# TRE-SIA SELF-ASSESSMENT

<b>Description:</b>	This 50-item self-assessment geared to any organization can be completed by an individual or as a team-based activity. The TIOA assesses Leadership and Culture, Trauma-Informed Care/Response Structure, Policies and Processes, Employee Skills, and Tools and Resources. The assessment also aims to help organizations map their scores, provide recommendations from each response, and develop an action plan that includes organizational policies and procedures.

The Statewide Collaborative on Trauma-Informed Care (SCTIC) compiled a list of Trauma-Informed Organizational Assessments (TIOA) to help organizations with implementation of trauma-informed practices and policies. This information was gathered from multiple sources; SCTIC members and the Children's Commission cannot guarantee either the accuracy, reliability, or completeness of the information or the effectiveness of utilizing the TIOA, nor endorse any one TIOA tool. A complete list can be found at [TraumaInformedTexas.com](https://traumainformedcare.com) and is intended to serve as a non-exhaustive list. Current as of March 2021.

\* Based on a review of all the TIOAs, eight core areas of focus were identified. If an assessment does not include a focus area it is crossed out.
